First quarter of the moon July 19th. Times of the tide are taken from the United States Coast and Geodetic Sur-

The tides at Kahului and Hilo occur about one hour earlier than at Hone-

lulu. Hawaiian standard time is 10 hours 10 minutes slower than Greenwich time, being that of the meridian of 157 degrees thirty minutes. The time whistle lows at 1:30 p. m., which is the same as Greenwich, 0 hours 6 min-Ge .... Manager, for the whole group,

Rear Admiral P. H. Cooper, U. S. N., was a passenger on the China yesterday. He is on his way to the States for a much-needed rest and to retire from active duty. He has been in command of the Asiatic fleet. When seen yesterday he said:

"We do not know as much about the war as you do. The war correspondents have been carefully kept away from the front. At one time they were told that they would be allowed to go with the army but the censor would not let them report anything but the weather. They never got on the firing line. Richard Harding Davis has taken a house in Tokio.

"Our fleet, which consists of the battleships Wisconsin and Oregon, the monitors Monterey and Monadnock, the cruisers San Francisco, Cincinnati, Raleigh and New Orleans, is awaiting permission to go to Chefoo. The powers seem to have made some agreement not to send any vessels into the Gulf of Pechili. The British squadron has gone to Wei-hai-Wei so I suppose ours will be allowed to go to Chefoo now." Rear Admiral Sterling took Admiral Cooper's command when he left. On

account of his official position Admiral Cooper could not express any views as to the war but he did express himself as pleased to be able to again visit Honolulu which he visited last year with the cruiser squadron.
